

Play and Train

The benefits of mental activity, in play and in learning are essential to the well-being of your dog. *Play and Train* is our innovative program created to offer a constant source of mental stimulation with play and obedience training throughout the day. Day care allows your dog to play and be socialized in a controlled environment while you are at work. With *Play and Train*, your dog will get the benefits of day care but will additionally receive several training sessions throughout the day, encompassing the commands designed to make life easier for the both of you. Among these are; sit, down, loose leash, place, sit-stay, down-stay, place-stay, with an emphasis placed on your particular training needs. Our training methodology has a strong focus on positive motivational methods such as clicker training.

Another benefit of *Play and Train* is that unlike boarding type arrangements, your dog gets to go home with you each night. In fact, a/ crucial aspect of the program is your direct involvement in the training. Although we do the bulk of the training, we also work with you in once-a-week private sessions to help you reinforce the commands we have taught your dog. This will not only aid in the training but also help you two build a stronger bond.

In short, *Play and Train* is a streamlined program designed to train your dog and at the same time enrich his life while you're at work.

With Play and Train your dog will:

- be entitled to either 30 work days (6 weeks) or 20 work days (4 weeks) of training and day care Monday through Friday plus 1 private session with you each week
- play in a fun, day-care environment, surrounded by compatible dogs
- be supervised by a team of professional dog trainers
- be trained by a professional trainer
- receive several obedience sessions throughout the day
- receive instruction of several commands including sit, down, loose leash, place, sit-stay, down-stay, place-stay

Play and Train will be most succesful if:

- client attends all 'Play and Train' private sessions
- client practices obedience work at least 10 minutes a day, every day
- client refrains from giving commands that they have not yet learned to give

The rate for **Play & Train** is \$ 45.00 per day.
